Subject: Fw: Request for arranging Virtual interaction

Respected Madam

The earlier topic 'Emerging issue in Banking Sector' suggested by the Modern College, Pune was broad in nature. Therefore, we requested them to suggest a revised topic. They have now requested for a webinar on digital banking.

It is proposed to accept the request received from Modern College, Pune to conduct a webinar on Digital Banking for their students. Principal Madam may kindly nominate a member of faculty to conduct the webinar. The webinar is proposed to be scheduled at the earliest date fixed in consultation with the institute and the MoF.

Regards

Narayan

Subject: Fw: Request for arranging Virtual interaction

Dear Sir,

Please refer to the trailing mail and your conversation with Smt. Pallavi Pore, AM on the subject matter .

Smt. Pore contacted Modern College, Ganeshkhind, Pune, and as advised they have requested for a change in the subject for virtual interaction. They would like a session on 'Digital Banking ' instead of 'Emerging Issues in Banking Sector '.

TO WHOM IT MAY CONCERN

This letter is to certify that Poonam Lavhate, from Modern College, Ganeshkhind, Pune has successfully completed his/her internship program of One month in the Dept of Medical Biotechnology, MGMSBS. The internship tenure was from 16th May 2019 to 15th June 2019.

During the internship, the student was exposed to various Biotechnology techniques (Molecular Biology, Hydroponics & Developmental Studies of Zebra fish as a model organism) in the Central Research laboratory, Department of Medical Biotechnology, Kamothe, Navi Mumbai.

During the span of the internship program, we found the student punctual and a hardworking person and was actively & diligently involved in the projects and tasks assigned. His / Her learning powers are good and picks up the concepts swiftly. Moreover, his / her interpersonal and communication skills are praiseworthy.

We wish the student a bright future.

Sincerely,

10 July 2019

Dr Sanjay S. Kharat

Principal,
Modern College of Arts, Science, and Commerce, Ganeshkhind
Pune, India

Dear Dr Sanjay S. Kharat, Sir,

We would be very pleased for Modern College of Arts, Science and Commerce, Ganeshkhind to offer a BSc (Blended) Chemistry program from this academic year. As the Program expands and our student cohort grows, the University is committed to ensuring that each student will graduate with a degree of the highest quality. To this end, from July 2019, the University with the support of SPPU, will be requesting that all institutions offering the BSc (Blended) degree to its students pay a levy of 10% of the student fee per year for the provision of quality assurance and curriculum development. Institutions newly offering the Program will also pay a one-off implementation levy.

The levies will be kept in India and used for the enrichment of BSc (Blended) through initiatives such as professional development training programs for the lecturers and, possibly, for scholarship programs. Please see details of the levies at the end of this letter, noting that the University will shortly provide Modern College of Arts, Science and Commerce, Ganeshkhind with a detailed term sheet to formalise the new arrangements. Except for the quality assurance and implementation levies, the same terms as applicable to the Modern College of Arts, Science, and Commerce, Shivajinagar (Modern College) will apply to this program.

The BSc (Blended) is The University of Melbourne's premier undergraduate teaching and learning initiatives in India. Integral to its success has been the support of Savitribai Phule Pune University (SPPU) and Modern College for the Program during its pilot period, from 2016 - 2019.

The first cohort will graduate this month. I am gratified to note that each graduate will be an outstanding ambassador for SPPU, Modern College and for The University of Melbourne, with their strong foundational training in STEM and capabilities and communication skills that are testament to the unique structure of their degree that augments on-campus learning with field experiences, practical activities and contact with world class academics in India and in Australia.

In 2018, the University was delighted to host 18 BSc (Blended) BioSciences students and two teachers from Modern College for a special Research Camp, 'Applications of Cell and Molecular Biology in the Biological Sciences'. Alongside the intensive academic sessions, the students gained an insight into the University's engagement with India, met with Australian animals at a national park and experienced Melbourne culture. They also had a once in a lifetime meeting with the President of India who visited the University to give a lecture on 'Australia and India as knowledge partners'. The students told me that their experiences during the camp helped them to discover exciting new areas of research and inspired their next chapters in science.

One of the central aims for the University's ongoing investment in the BSc (Blended) is to enhance opportunities for its graduates to excel internationally in the STEM field. We are pleased to confirm that Soumitra Bhide and Rucha Patil, two outstanding graduates of the Program, have applied to do the Master of Science (BioSciences) at The University of Melbourne. Rucha has been granted AUD \$45,000 in fee remission and cash support and Soumitra, due to his outstanding academic achievements, has been granted a 100% fee remission scholarship and AUD \$5,000 to support his relocation to Australia. We are immensely proud of both students and look forward to welcoming them to The University of Melbourne soon.

I look forward to the forthcoming establishment of a BSc (Blended) Chemistry program at Modern College of Arts, Science and Commerce, Ganeshkhind and would be happy to answer any questions that you may have.

Yours sincerely

Bachelor of Science (Blended) License Agreement Summary

The University of Melbourne (UoM) will issue all Colleges affiliated with Savitribai Phule Pune University (SPPU) who are already/newly implementing the Bachelor of Science (Blended) degree, with a licensing agreement to enable the payment of annual levies to the UoM for the use of UoM's licensed materials to support the ongoing viability of the Program through provision of quality assurance, content management and delivery, and ongoing curriculum support.

Levies will include an Annual Quality Assurance, Curriculum Development and Content Management (QA/CD/CM) Levy and a One-off Upfront Implementation (IMP) Levy for all SPPU affiliated Colleges newly implementing the Program. **Modern College of Arts, Science, and Commerce, Shivajinagar (Modern College)** will be exempted from payment of the IMP Levy. Details of levies and financial arrangements are below.

SPPU has endorsed all financial arrangements.

Financial Arrangements

Levies	<p>The levies will include the following:</p> <ul style="list-style-type: none">• Annual Quality Assurance, Curriculum Development and Content Management (QA/CD/CM) Levy: 10%/yr/student• One-off Upfront Implementation (IMP) Levy: AUD2000<ul style="list-style-type: none">- Levy applies to SPPU's affiliated Colleges newly implementing the Program and will be payable upon sign-up;- Levy will be used by UoM to run annual professional development workshops for the staff teaching the Program and to offer scholarships to the students when transiting into UoM (3rd year or MSc).- Modern College will be exempt from the IMP Levy.• Collection of Levies<ul style="list-style-type: none">- UoM will invoice Colleges directly for the collection of levies.• Use of funds collected through levies<ul style="list-style-type: none">- Levies will be kept in India and used for the enrichment of BSc Blended through training programs for the lecturers and, possibly for scholarship programs. The Enrichment fund may be administered by UoM's India Office or nominee.
