XII	Science	MSS College, Jalna.	Aurangabad	2004	73.33 %	I
X	General	S.B.HighSchool, Jalna	S.S.C. Board, Aurangabad.	2002	81.86 %	I

Worked Projects

1. MML-SP GIS App

JAVA Swing, GeoTools, TCP Communication

This desktop application is used to record and display data in a Geographical Mapping System.

2. GUI for INS Devices

avaFX, SQLite, Serial Communication

This GUI developed in java decodes NMEA and binary sentences. The values of various parameters like roll, pitch, yaw, altitude, velocity is displayed in suitable widgets like compass, cockpit, altimeter, speedometer, etc. Latitude and longitude are pointed on maps.

- UI designing.
- Overall app functionality development. • Used different Java libraries.

Academic Projects

Title : E-commerce website

Platform : J2EE

Duration : 1 Month

Description : Description- we created an online website for shopping of dairy products such as milk, butter, cheese etc. We performed all the basic crud operations. The admin and customers will register and then login for the website. Customer can search and shop for the products and purchase it. Admin will make changes in it such as deleting the expired products and adding the new ones. At last bill will be generated by the admin and the customers have to perform the transactions.

Git Hub link : <https://github.com/aarti1724/OnlineShop1.git>

Title : Student Management System

Platform : MS.NET

Duration : 6 Months

Description : Project name was 'Student Management System in Institution'. In this project we have given the facility add new students data, update previous data, delete the record in vb.net. We had the module for faculty management. We have saved the database in MS-Access using ADO.net. We have generated the crystal reports studentwise, classwise.
